CHILDREN'S FESTIVAL

## **2025 Schools Access Guide**

Every effort has been made to ensure that all information within this guide is correct at time of publication, Sept 2024. For the most up to date access information for each event, see [dreambig.adelaidefestivalcentre.com.au](https://dreambig.adelaidefestivalcentre.com.au) or contact [dreamBIG@adelaidefestivalcentre.com.au](mailto:dreamBIG@adelaidefestivalcentre.com.au)

## Welcome to DreamBIG 2025's Access Guide

Every child has the right to participate in the arts. The DreamBIG team are endeavouring to make it as easy as possible to select which shows and events are right for your students.

We know that the Festival Program is exhaustive, and it can be hard to decide the best show, workshop, or activity for the students in your class. The team at DreamBIG are happy to chat you through performance options, including reasonable adjustments that we can make to accommodate the needs of your class.

If you have any questions about selecting the right event for your students, please reach out to the DreamBIG team at [dreambig.ticketing@adelaidefestivalcentre.com.au](mailto:dreambig.ticketing@adelaidefestivalcentre.com.au).

### HOW TO USE THIS GUIDE

There are a few ways to use this document:

- You can look at the recommended shows for Auslan interpretation, audio description, relaxed performances, or calm activities – see our recommendations on [page 5](#).
- Before booking, you can look up any show or event in the DreamBIG program alphabetically to find out more information about what to expect at that event, and if that event is right for your class.
- Before attending DreamBIG, you can look up any show or event for information about how to access particular venues, to find visual stories, and other key information that will make your time at DreamBIG as smooth as possible.

## ACCESS ICONS

The following symbols in the guide indicate the accessibility of each event.

## **STAIR-FREE ACCESS AND PREFERRED SEATING**

All DreamBIG venues are wheelchair accessible; however, we'd love for you to inform us of any physical access requirements when you book so that we can ensure that we are ready to welcome you, and send you specialised access instructions if applicable.

All DreamBIG shows are general admission. This means that there is no allocated seating. If you have students that would prefer to sit at the back of the auditorium or in an aisle, please let our front of house staff know on arrival to the performance, and they will help you to find the best seat for your students.

## **EAR PLUGS**

DreamBIG has ear plugs available for patrons who require them. Please ask our friendly front of house staff members for a pair if you or a person in your care needs them.

## **VISUAL STORIES**

Visual stories (also sometimes called social stories) are learning tools for children who may need help learning ways of behaving in unfamiliar social settings. Visual stories do this by clearly showing the reader details about a location or event, what happens at that event, and what actions and behaviours are expected from them at the event.

DreamBIG has created visual stories for most of our performances and installations for teachers and parents to share with children who might need help preparing for participating in the festival. They can be found on each individual show page as well as DreamBIG's access webpage and are free to download.

If you would like us to collate a visual story specific to your experience at DreamBIG, we are more than happy to do so.

## **SUGGESTED PRE-SHOW IMMERSIVE ACTIVITY IDEAS**

Below is a list of activities to prompt thinking on the types of pre-teaching that may be beneficial in conjunction with the visual story activities:

- Environment orientation – this could involve setting up a 'mock' theatre set-up (Different lighting, seating configurations etc)
- Costume orientation – experimenting with costumes to build understanding of the concept
- Sensory orientation – utilising the visual story for deeper sensory requirements and strategy development
- Theatre orientation bingo (inclusive of visuals and sounds)
- Real/Not Real – activities that explore the notion of acting, or portraying a story with real people
- My theatre excursion check list – students to develop a checklist for different theatre situations/actions after engaging with a visual story

## SUGGESTED PRE-SHOW IMMERSIVE ACTIVITY IDEAS

### AUSLAN INTERPRETATION

The DreamBIG team can provide Auslan Interpretation for almost any performance or event in the festival.

For school shows, we do not lock in the date of Auslan interpreted shows when we release our program – we'd prefer for the schools who require these services to let us know the date and time that works best for them.

If you would like to request an Auslan interpreted performance, please email [dreambig.ticketing@adelaidefestivalcentre.com.au](mailto:dreambig.ticketing@adelaidefestivalcentre.com.au) with your preferred show, date and time. If another school has already requested interpretation of a particular performance on a certain date and time, we will update our website to reflect this.

- Increased lighting in the auditorium
- Ability for the audience to come and go more frequently if they need quiet time during the show
- The technical team on the show changing some of the sound and lighting in the show so that they are quieter or less flashy

DreamBIG does not allocate specific shows as 'relaxed'. We are happy to make any show relaxed. Please let us know if you would like your class's performance to be 'relaxed' by emailing [dreambig.ticketing@adelaidefestivalcentre.com.au](mailto:dreambig.ticketing@adelaidefestivalcentre.com.au)

*Content Pour Peu*

The stage is set: a simple black curtain stands centre stage. Then two hidden circus artists appear and the show begins... But as the two disoriented acrobats move to perform their first lift, a terrible doubt arises in their seemingly well-oiled routine. Is this the right move? Is this what they rehearsed?

Driven by the need to continue at any cost, the duo invents new moves and jostles. Full of humour borrowed from silent cinema and impressive circus skills, *By Trial and Error* is a delightful exploration of the power of perseverance.
